Generally fair tonight and
Wednesday.

The Paducah Sun.

VOL. XVII. NO. 190.

PADUCAH KENTUCKY. WEDNESDAY EVENING, AUGUST 9, 1905.

10 CENTS PER WEEK

THE GOVERNOR WILL ARRIVE TOMORROW

**Comes to Visit Camp Yeiser and Review
the Second Regiment.**

ELABORATE BALL TO BE GIVEN IN HIS HONOR FRIDAY EVENING

**Routine Camp Life Keeps Soldiers Busy---Many
Spectators Visit Camp Daily.**

Governor J. C. W. Beckham will tomorrow and perhaps for two or three days thereafter, be a guest at Camp Yeiser. It will be the first time that Paducah has been honored by a visit from the governor for quite a while, and already preparations are being made for his reception and entertainment.

He will leave Frankfort tomorrow morning some time, and reach Paducah via the Illinois Central at 6:40 p. m. He will probably be accompanied by his family, a number of members of his staff and several friends. There may be as many as twenty-five in the party, but how many there will be is not yet fully known.

Quarters will be provided for the governor at Camp Yeiser, and he will review the troops while here. It is hoped he will remain until Monday and every effort will be made to induce him to do so.

Friday night a ball will be given at the park pavilion in his honor, and it promises to be an elaborate affair. Paducah society will be reinforced by all the charming visitors now here and it is probable the function will be the most brilliant summer event of recent years. It will be the first of a series to be given during the governor's three visits to Paducah to review the respective regiments.

Lectures from Lieutenant Beckham and the nine non-commissioned officers of the United States army were given the officers and soldiers this morning from 9 to 11 o'clock, following mess and guard mount. An order from Governor Beckham, commander-in-chief, was issued this morning for an examination of all the medical officers in every branch of medicine, especially military medicine. This examination will be conducted by Colonel McCormack, surgeon general, who stated he would at once take up the work. There are four doctors in each regiment. As all the doctors are experienced and rank amongst the most eminent in their profession in the state they will easily pass the examination.

Private Martin, company G., Cynthia, is seriously ill from typhoid fever. He was sick when he left home and on arrival at Paducah Colonel McCormack diagnosed the case typhoid fever. He was sent to hospital headquarters and given treatment until this morning when he was removed to Riverside hospital under the surgeon general's order. He will be treated by Dr. J. R. Coleman at the state's expense. The case could have been attended to at the regimental hospital but Riverside hospital is better equipped for handling typhoid fever so the patient was sent there. Colonel McCormack has visited Riverside hospital and pronounced it one of the best for the size he ever saw. He also said one serious case of sickness in camp would cost the state more money than all the sanitary measures that have been adopted.

Adjutant General Haly has appointed a board of survey to ascertain what property was lost or broken or destroyed at West Point two years ago when the Kentucky state guards were there. This property belonged to the government and the officer or officers responsible for its loss will have to pay for it. The board is composed of Colonel McCormack, Judge Advocate General Guy H. Briggs and Captain VanMeter. They convened this morning and after summoning witnesses adjourned until tomorrow.

The officer of the day is Captain H. B. Williams, company E, Frankfort. The senior officer of the guard is First Lieutenant Samuels, company I, Pineville. The junior officer of the guard is Second Lieutenant Silliman, company G, Danville.

Company A, Frankfort, spent the morning at the rifle range, and this afternoon company C, of Lexington, is at the range.

Last night Colonel McCormack detailed ten men in each company to catch mosquitoes for the hospital department, where they will be examined under a magnifying glass to find out if any of the yellow fever

type exist here. Colonel McCormack does not believe they will find any yellow fever mosquitoes this far from the south. They will catch again tonight and tomorrow the doctors will make the examination.

The dress parade yesterday afternoon at 5:30 was held in the baseball park. The soldiers headed by the regimental band marched to the park where they will be drilled briefly by Colonel Roger Williams, commander, after Captain J. C. Foley, regimental adjutant, had formed the line.

Colonel Noel Gaines, inspector general, inspected the troops during the drilling. The spectacle was pretty and interesting. Owing to the colored people's celebration at the fair grounds and the street cars being crowded with them there was a small crowd of people out to witness the dress parade. It takes place every afternoon at 5:30 and from today on large crowds will attend.

Private Thomas E. Marcum, of Winchester, has been appointed a clerk in Paymaster General Ayres' office and took up his duties this morning. He is a son of J. B. Marcum, who was assassinated by Curt Jett, for which the latter is now serving a life sentence. Mrs. Marcum sued James Hargis and Senator Ellis Hargis, at Jackson, for damages for alleged complicity in the murder and received \$8,000. The case is now in the court of appeals.

ENCAMPMENT NOTES.

Col. Mott Ayres, paymaster general, stated this morning that he would pay off the troops and officers some time next Saturday. They do not leave until Tuesday, which will give them plenty of time to spend their money in Paducah.

Dr. C. M. Paynter, Surgeon General A. T. McCormack, Major B. F. Vanmeter and Capt. C. G. Daugherty, of the hospital department, are spending the day at Rouse's park as guests of the McCracken County Medical Society. They are among the best doctors of the state and delivered some interesting talks.

Dr. Vanmeter, of the hospital department, is one of the finest surgeons in Kentucky, and Dr. J. T. Reddick has asked him to perform a complicated operation for him, which will probably be done some time this week. Dr. Vanmeter is from Lexington and has had great success there.

Col. Guy H. Briggs, judge advocate general, was tried by a mock court martial last night for not having his picture taken. He was fined all the salary he will draw during the encampment and was reduced from rank four to rank 25, which is the end of the rank. Col. McCormack will suspend the fine.

The doctors in the hospital department have raised \$300 amongst themselves for extra delicacies for meals. These doctors are wealthy and enjoy the camp life immensely. Several local doctors have called on them.

Lieutenant Hutchison, who has charge of the officers' mess, is an old soldier and possesses a knack for story telling. When not busy he is generally interesting the officers with some good yarn.

A good, patriotic citizen should salute the flag when he passes it at the encampment grounds.

A squad of soldiers was detailed this morning to clean up the trash around the tents of the regiment. Everything is kept perfectly clean to prevent sickness.

Capt. Offett has charge of the hospital department today.

The crematory is working to perfection. Up to 10 o'clock this morning 4,800 gallons of garbage had been consumed in it.

MAY CALL MILITIA TO RESTORE ORDER

**Confusion in Some Parts of the
Fever-Ridden Territory.**

**Four Deaths Today and a Number of
New Cases Have Been
Reported.**

SITUATION LITTLE IMPROVED

**REPORT TO 6 P. M. YESTER
DAY.**

New cases up to 6 p. m., . . . 64
Total cases, 625
Deaths up to 6 p. m., . . . 4
Total deaths, 117

**FOUR DEATHS, ELEVEN NEW
CASES.**

New Orleans, La., Aug. 9.—At noon four deaths and eleven new cases had been reported for today.

Suspicious Cases at Yazoo City.
Jackson, Miss., Aug. 9.—Suspicious cases of fever under investigation at Yazoo City and Holly Springs were traced in each instance to New Orleans. Jackson has declared a rigid quarantine against Yazoo City. Surgeon Young left on a special train to investigate.

May Call Out Troops.

New Orleans, Aug. 9.—If the present chaotic condition of quarantine matters in Louisiana is not speedily terminated, in obedience to a proclamation issued late yesterday, the state board of health has announced its intention of immediately invoking civil powers and that failing, of asking Governor Blanchard to call out the militia to restore and maintain order.

The proclamation resulted from letters sent by the governor to President Souther.

The proclamation prohibits any town, parish or village from refusing admission to a person from a non-infected locality holding a health certificate not over 24 hours old or to a person from an infected locality who has spent six days in a detention camp, and has been discharged with a marine hospital certificate.

It is announced that no more illegal restrictions on travel or commerce will be tolerated.

Inspectors of the Marine hospital service spent much of the day in their investigation and their reports showed an increase in the number of cases from noon to three o'clock.

The federal authorities have determined to treat every case presenting any symptoms of yellow fever as actually yellow fever preferring to take no risk of failing through want of vigilance.

Practically all doubt of raising the fund of a quarter of a million desired by the government was removed to day when both the state and city moved to assist the citizens of New Orleans. The state will contribute \$100,000 and the city \$50,000. With the \$70,000 originally in the hands of the citizens committee, \$220,000 is in sight.

Archbishop Chapelle Dies.

New Orleans, Aug. 9.—Archbishop Chapelle died of yellow fever this afternoon.

Bananas Thrown Overboard.

Mobile, Ala., Aug. 9.—A cargo of Bananas aboard the Norwegian steamer Harold, arrived last night from Panama and was ordered thrown overboard. The vessel and crew were sent to Ship Island quarantine station. Several of the crew are sick of fever.

All New Orleans Cleaning Up.

New Orleans, Aug. 9.—All business was suspended today and a systematic effort is being made to clean the city. The ironclad quarantine of outside places is being relaxed somewhat. A quarantine officer was shot yesterday at Tusculum, Ala.

Working Hard at Jackson.

Jackson, Tenn., Aug. 9.—Mayor Hu C. Anderson has been placed in charge of all quarantine regulations on the part of the state by Secretary Albright. Mayor Anderson today swore in Louis Friedlaub and W. H. Parham as inspectors to look after freight trains coming into Tennessee. The former at Corinth on the west and latter at Grand Junction on the Illinois Central. The inspectors will be armed with shotguns and will clean the trains of all hobos.

The Illinois Central pay train will arrive in Paducah on the morning of August 16th, and pay the shop men at 8 a. m.

JACK THE RIPPER SLASHES IN DARK

Kills One Man and Injures Several in Atlanta.

A Number of Soldiers Hurt by Explosion of Shell—Aeronaut Killed in Kansas.

A GIRL SAVED THE TRAIN

Atlanta, Ga., Aug. 9.—An unknown "Jack, the Ripper," ran amuck on Decatur street last night killing one man and seriously stabbing six others. There was a great crowd on Decatur street watching a show. Suddenly some unknown person began to use a knife. The ripper slipped in and out, and every now and then some one was heard to cry that he was cut.

The man killed was named Anderson. He had come from Birmingham a few days before, and went on Decatur street to see the town. As he was standing opposite a poolroom some one plunged a knife into his left shoulder over the heart. He cried out, "Oh, Lordy," ran a few steps and fell dead.

Three other men were stabbed in the back and two in the shoulder. Another victim was Clara Jackson, who was stabbed in the face, the ripper reaching over from behind. The police have no clue to the criminal.

Several Soldiers Hurt.

Cheyenne, Wyo., Aug. 9.—A telegram was received at Fort Russell from the camp of the Eleventh infantry on Crow creek, stating that several enlisted men of companies G and H had been seriously wounded by the explosion of a 3-inch shell found by the men in the hills where the artillery had camped in March of last year.

One of the men attempted to drive the shell into the ground, when it exploded. Private Butts, of Company G, was fatally wounded and Private Becker, Company H, Private Purgant, Company H, and Private Robinson, Company G, were also badly injured. Several others were slightly injured.

Feared the Poorhouse.

New York, Aug. 9.—Rather than face the possibility of a poorhouse in his enfeebled old age, and with his mind filled with bitterness against a favorite daughter, John Davis, formerly a prosperous resident of Hackensack, N. J., walked eight miles over county roads and shot himself in sight of the family home, where he had lived 45 years. He will die.

Another Bennington Victim.

San Diego, Cal., Aug. 9.—The sixty-sixth name has been added to the list of fatalities due to the explosion on the gunboat Bennington July 21. Frederick J. Mueller, chief sailmaker's mate, died today.

An Aeronaut Killed.

Horton, Kansas, Aug. 9.—Prof. L. P. Tillman, aged 28, an aeronaut of Clinton, Iowa, fell from a balloon and was killed here last night. His parachute failed to open properly and he fell on a building and was dead before his body struck the ground.

Girl Saves a Train.

Calat Dover, Ohio, Aug. 9.—Two little girls, Anna and Mary Beers saved three score passengers on the Marietta branch of the Pennsylvania railroad from possible death or injury two miles east of here.

A tree had fallen across the tracks and the girls hastened up the road and flagged the train. The engineer stopped the train within a short distance of the obstacle. The passengers made up a purse to reward the girls for their bravery.

BABY'S SKELETON

Found in the Stomach of A Monster Shark.

Baltimore, Md., Aug. 9.—An 800-pound man-eating shark, with the skeleton of a well grown child in its stomach, was among the large number of fine fish landed by Messrs. White and Middleton, gas engine manufacturers, during a fishing trip in Pocomoke and Tangier Sounds that ended yesterday.

When one of the big sharks was opened the perfect skeleton of a well formed baby was found in its stomach.

Trying to Swim the Channel.

Dover, Aug. 9.—Burgess, the York shire swimmer, made another attempt to swim the English channel today. He started under favorable circumstances and at noon had covered eleven miles and was swimming strongly.

MANY BODIES ARE STILL UNDER DEBRIS

**Twelve Known to be Dead as a Result
of Albany Disaster.**

TWENTY-SEVEN BADLY INJURED AND FORTY OR MORE REPORTED MISSING

**Many Still Beneath The Ruins Are No Doubt Dead
Or Dying.**

Albany, N. Y., Aug. 9.—Twelve are known to be dead and twenty-seven injured, and over forty missing, as a result of the collapse of the Myers department store yesterday.

All night scores of men worked up on the ruins and the number was reinforced today.

That a score of bodies are still under the wreckage seems certain. But one death has occurred in the hospital among the victims taken from the building alive. It is said the list of missing will be considerably reduced today and the death list will grow. There is little possibility that any one beneath the ruins will live.

It was the middle section of John G. Meyers' Co.'s big department store in North Pearl street that collapsed yesterday carrying down with it over one hundred persons.

Caught in the chaos of brick, plaster and wooden beams, between 20 and 30 men, women and children met death. Twelve hours work on the part of an army of rescuers disentangled 50 persons, six of them dead and many of the rest badly injured.

Anything like a complete list of the killed and injured will be unobtainable until the workers have made their way to the very bottom of the mass of wreckage.

With few exceptions those caught in the ruin were employees, a large majority of them girls. There were few shoppers in the store at the time.

Extensive repairs were being made to the building and when the collapse came the workmen were

sawing a wooden floor beam which runs under a pillar in the middle of the building.

The excavation for a cellar was going on about this pillar and it is believed that the jarring of the beam displaced the foundation of the pillar. The pillar which gave way supported the ends of two giant girders, and when it fell, the main support of the central part of the building was gone.

With a noise that could be heard blocks away, and a shock which shook adjoining buildings, nearly half of the great structure, from cellar to roof, and extending from one side wall to the other, came grinding down.

Into this cavern slid scores of employees who were working on the four floors above and who lacked the warning which enabled those in the basement to escape. Some, however, were apprised of their danger by falling plaster, and saved themselves by rushing to the front of the store or to the fire escape in the rear.

When darkness came, it was estimated that nearly 50 persons still remained in the ruins and that not more than half of these could survive the weight pressing upon them. Fortunately the wreckage did not take fire.

The body of Winfred Kelly was taken from the ruins today, making the thirteenth victim. All the girl employees are now accounted for except two. Forty of the sixty cash boys have reported, but many other male employees are unaccounted for.

STUNG TO DEATH.

Thomas Hawkins Died Five Minutes After First Insect Struck Him.

Owensboro, Ky., Aug. 9.—Thomas Hawkins, forty-five years of age, met death in a most horrible manner on the farm of John Nave, a few miles from the city. He was stung to death by a bee, his death resulting about five minutes after the first bee stung him. A son of Hawkins was cutting the lawn with a mowing machine, drawn by two mules, when he ran into the bee nest. In an instant the bees were stinging the boy and mules. The boy ran to the house, but the mules became frightened and reared and plunged.

Hawkins ran to the team and was in the act of cutting them loose from the mower, when the bees attacked him. He was stung all over the body, and especially on the face and head. He ran a short distance and fell to the ground. He was dead when assistance reached him. His face was black from the stings. He leaves a widow and three children.

RURAL ROUTES.

Hundreds Established, But Hundreds of Applicants Turned Down.

Washington, D. C., Aug. 9.—During the past year there have been nearly 49,000 applications received for the establishment of rural service. Up to the close of the fiscal year nearly 12,000 of these had been rejected because of the fact that the proposed routes, in the matter of patronage, etc., fell below the standard required.

Of the 4,500 petitions pending at the close of the fiscal year, nearly one thousand have been assigned for establishment, while the remaining 3,500 are being examined with that end in view.

On July 1 there were 32,058 rural routes in operation, or 7,492 more than at a corresponding period last year.

Storm Does Damage of Millions.

Grand Forks, N. D., Aug. 9.—Reports reached here last night of a destructive hail storm which passed over Bottineau, McHenry, Rolette, Pierce and Benson counties and the damage resulting is estimated at Bottineau at a million dollars. Reports are meagre, but it is believed the damage throughout the section is very heavy.

BORN ON TROLLEY CAR.

When Baby Came Passengers Are Put Off, Shades Are Drawn, and Doctor Sent for.

New York, Aug. 9.—Mrs. Gussie Hollander aged 24, of 105 1-2 8th street, Manhattan, set out for an outing in Queens county. On a car of the Grand street and Newton line she became ill and several women in the car went to her aid. At their request the conductor put the other passengers off the car, the blinds were drawn and the car was sidetracked.

A hurry call for an ambulance was sent to the Eastern District hospital, but before the ambulance arrived a large crowd had gathered and four policemen were necessary to handle it.

When Dr. Cohen appeared Mrs. Hollander gave birth to a bouncing boy baby. At the request of the women he removed her and the child to her home in the ambulance.

LOOMIS BACK.

Acting State Secretary Guest of the President at Luncheon.

Oyster Bay, Aug. 9.—Francis H. Loomis, assistant secretary of state, was the guest of President and Mrs. Roosevelt at luncheon yesterday. Another guest at luncheon was Dr. Jacob H. Hollander, of Baltimore, who was sent a few months ago by the president as a special commissioner to Santo Domingo to make an investigation of affairs of the island government.

A CASE OF IT.

Many More Like It In Paducah.

The following case is but one of many similar occurring daily in Paducah. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

J. A. Houser, of 1421 South 9th street, carpenter, says: "I have been subject to kidney complaint all my life; not constantly or seriously, but every now and then—sometimes without warning—I had attacks, some of which laid me up. I noticed that the contraction of a cold always affected my kidneys and when in this condition, in addition to backache, there was trouble with the kidney secretions. Like I had tried more than one preparation I got Doan's Kidney Pills at Alvey & List's drug store and took a course of the treatment. The last attack disappeared. So pleased was I with the results that I gave Doan's Kidney Pills to a child of mine annoyed with weak kidneys. The results obtained stamp Doan's Kidney Pills as being up to representations."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

VINCENNES WON TWO YESTERDAY

Defeated Princeton Easily in a Double Header.

South and Lloyd to Pitch For Paducah Today—Wiley Platt Reported Sold to Toledo.

GUS BONNO NOT IN GOOD FORM

How They Stand.

Princeton	1	7	1

Batteries—Whitley and Matteson, Rossen and Downing.

R H E

Vincennes	4	8	2
Princeton	1	3	4

Batteries—Whitley and Matteson; Witt and Downing.

It is likely from the present outlook that there will be no baseball in Cairo next season. When the team loses the people knock and when the team wins they do not patronize the games. Yesterday there were about 600 people present at the game, the smallest Sunday attendance in the history of the Kitty league. Cairo has a salary roll of \$1,400 and such patronage will not pay the association. The local managers will sell their players and let next year take care of itself. Pitcher Bittroff and Catcher Lemon have been sold to Decatur, Ill. of the Three-I league for \$500, and Pitchers Taylor and Morgan will also likely be sold to the Three-I league, all to go at the end of the season.—Cairo Citizen.

Andy Pettit, a former catcher in the Kitty, is catching for the Memphis Southern league club.

Robert Wallace, formerly outfielder for Cairo, but now playing center field for Columbia, S. C., in the South Atlantic, has been made manager of the club.

Gus Bonno does not seem to be in form this year. He came down from the American association to Vincennes, in the Kitty, and was released going to Kansas City. Monday he pitched the last five innings for Kansas City against Columbus, yielding nine hits, three bases on balls, hit two men, and struck out only three, Kansas City losing by a score of 15 to 2.

L. A. L.'s Defeated Again.

The L. A. L. team is meeting with pretty fast punishment in Missouri, having been defeated the second time by the Sikeston team. The first game was lost Sunday and the second Monday. The second game was a ten-inning game, however.

R H E

L. A. L.	3	6	3
Sikeston	4	9	5

Batteries—Woodridge and Block, Lourie and Wilson.

Is Wiley Platt Sold?

A Memphis dispatch to the Globe-Democrat says: "Wiley Platt, the southpaw who has pitched successfully for several clubs in the south since leaving Philadelphia, is sought for by Ed. Grillo's Toledo club in the American association. President Thompson of the Paducah club, who is here received an offer from Manager Demontreville tonight, which he said he would accept."

Princeton May Hold Out.

Princeton, Ind., Aug. 9.—Princeton-Vincennes played yesterday and Princeton will finish out the week and the season, if the patronage warrants. The indications are now that she will stick to the end, depending however, on circumstances. The city wants baseball.

Double-Header Here Today.

Cairo and Paducah will play a double-header today, and South and Lloyd will pitch.

DIED IN BAGGAGE CAR.

Negro Was Being Brought to the I. C. Hospital.

Edgar Robinson, colored of Rialto, Tenn., died at Fulton Monday night in a baggage car near the passenger depot. Robinson, who had been working with a bridge gang at Rialto, was taken sick about a week ago of malarial fever. He suddenly became worse and the attending physician ordered him taken to the Paducah hospital. The unfortunate negro died before the train left Fulton. Dr. J. R. Luten, the board physician, attended the negro and in his sworn testimony before the coroner's jury, declared the negro died of malarial fever.

Card of Thanks.

We wish to express our thanks to all the friends and sympathizers for their extreme kindness during the illness and removal of our loved one Mrs. Berta Thomas Cunningham. Also the nurse and physicians for their manifest interest, and baffled skill in a case where naught but His omnipotent grace could heal.

LATE NEWS ABOUT CROPS AND TOBACCO

Past Week an Ideal One for Farming.

The Tobacco Market Seems to Be Improving—No Sales at Mayfield Yesterday.

TODAY'S SALES IN PADUCAH

The past week has been ideal for crops and farming except that the nights were a little too cool for corn, according to the weekly bulletin issued by the weather bureau at Louisville.

The weather was dry with moderately warm days until Thursday. Showers, which were needed, fell generally over the state Friday, Saturday or Sunday. Threshing and haying are nearly completed and some progress has been made in plowing for winter wheat. In regard to crops in detail the weather man has this to say:

"Wheat—Threshing is practically completed and the yield while very good in some localities, is very poor in others. The quality is only fair, showing the effect of wet weather, while in the shock.

"Corn—Corn is doing finely and promises a very large crop. It was beginning to need rain and there are some reports of firing.

"Tobacco—Tobacco is growing well, though it is showing the effects of a lack of cultivation in a great many districts, and it was beginning to need rain, with some complaint of firing in many localities. The crop varies considerably—some fine fields, others poor; worms are also appearing. Topping continues and some cutting has been done; it is late in the western counties.

"Oats—Oats have about all been threshed and the crop is a very good one, except where damaged by excessive moisture; they yielded much better than was expected a week or two ago. The rye crop is fine except where damaged by rains.

"Hay is about completed and the crop, on the whole, is a good one, though a little inferior in quality. Pastures and meadows are in excellent condition.

"Sweet potatoes are doing well and Irish potatoes promise a fine crop in most localities. Tomatoes and melons are plentiful, though there is considerable complaint of potato vines being destroyed by potato bugs. Apples, peaches and grapes continue rotting and dropping."

No Sales at Mayfield.

There were no sales on tobacco on the local breaks, today on account of the 8th of August and the desire of the "breakers" to attend. There will be sales Thursday.—Mayfield Monitor.

Clarksville Tobacco Market.
Clarksville, Tenn., Aug. 9.—Receipts in July were 2,946 hogsheads; sales, 2,355; shipments, 3,531; total stocks, 10,396, of which buyers hold 886 and sellers 9,510. The larger portion of the stocks is held by the Planters' Protective Association. Our receipts the past week were 294 hogsheads; offerings on the breaks, 19; total sales, 496. The open market was dull, but it was lively at times in the association's salesroom, but they have about decided not to dispose of any more tobacco until there is a rise in prices. The condition of the field crop is below the standard, but so far we hear no loud complaint about damage by worms. The following prices are quoted: Lugs, \$3.50; selections, \$13.00 @ \$15.00.

Pledged Many Acres.

Messrs. J. W. Usher and W. L. Brand spoke at Lowes Saturday in the interest of the Dark Tobacco Protective Association and 100 acres of tobacco was pledged to the association. Esquire Usher spoke at Pottsville Monday and 120 acres of tobacco pledged to the association.—Mayfield Monitor.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by W. B. McPherson, druggist, at 50c bottle.

Adjudged Insane.

Mayfield, Ky., Aug. 9.—Mr. J. E. Cox was tried before Judge Webb for insanity, declared insane and taken to Hopkinsville. He was 29 years old and unmarried.

Try Pittsburg coal and be convinced it is the best you ever had.

ONE MAN

MAY ACT AS THE CITY COMMITTEE, SAYS McQUOWN.

Democratic Politician Settles a Controversy and Makes a Unique Decision.

Bowling Green, Ky., Aug. 9.—The Hon. Lewis McQuown, of this city chairman of the democratic state central committee, was called upon to decide an interesting and unusual point, touching the organization of a city democratic committee. The question was presented to him by the democrats of Lawrenceburg where a very unique condition prevails. The county democratic committee is composed of thirteen committeemen. Under the rules the rules the members of this committee, who reside in the city have a right to meet and organize a city committee, separate from the county committee, selecting a chairman and secretary who may be persons other than members of the committee.

In Lawrenceburg there are two voting precincts in the city, each taking in a part of territory lying outside of the city. One of the committeemen of these precincts lives within the city limits, while the other lives in his precinct, but without the city limits. The democrats of Lawrenceburg wish to nominate a list of men to municipal offices. They petitioned the county committee to meet and determine a mode of selecting these nominees. The county committee met, but decided they had no jurisdiction in the matter.

The case was then presented to Judge McQuown, who decided that no part of the law fixes the number of persons that shall constitute a city committee, and if two can act he sees no reason why one cannot do like wise. He advised the committeemen of Lawrenceburg to select a chairman and secretary, and, acting in conjunction with them, call either a primary or convention and arrange other details as they deem proper. If however the committeemen and chairman selected fail to agree, he advises that the course to pursue is to have these facts certified before the central committeeman of the district of which Lawrenceburg is located and have him to decide the matter.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada.

For sale by W. B. McPherson, Druggist.

LABOR DAY PARADE.

At Cairo Has Been Declared Off by the Central Labor Union.

Cairo, Ill., Aug. 9.—The Labor Day celebration and parade has been abandoned. At a meeting of the Central Labor Union, it was decided that such action should be taken owing to the strict quarantine in force here, which would naturally keep hundreds of people from nearby states and towns from attending.

It had been planned to have a monster celebration here on the 12th of September, but in justice to the merchants and business men who contributed generously to the affair it was decided that no demonstration should be held, because the desired number of strangers would not be here.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at W. B. McPherson's drug store. Try them.

Married by Father's Schoolmate.
St. Louis, Mo., Aug. 9.—Mr. Robert Pachmann and Miss Pinkie Steel both of Clinton, Ky., called upon Justice Stanton in East St. Louis yesterday and asked to be married. After the ceremony the groom stated his father and Justice Stanton were schoolmates, and that it was at his father's request that he came to East St. Louis to have the justice tie the knot.

The nice increase in our business since the first of the year is very encouraging to us.
PADUCAH BANKING CO.

SCARE GENERAL BELOW PADUCAH

Scores of Cities Could Not be Entered With an Army.

Many People in Paducah Are Getting Health Certificates to Use in Case They Are Needed.

FULTON QUARANTINES AGAIN

President J. W. Pendley, of the board of health, and Health Officer W. T. Graves, are issuing numerous health certificates, mostly to traveling men, but there are many residents who are not going away who have secured them as a matter of precaution in event they are called away from the city.

While the yellow fever scare has affected Paducah somewhat, the authorities are turning their attention to the sanitary conditions and have done a great deal of good since the epidemic started. Places where cattle are kept and where unsanitary conditions exist are also closely looked after. Gutters and bad alleys are being looked after and the sanitary inspectors are kept on the go looking after the reports sent in from residents.

Conditions Alarming.

Dr. Tom Moss of Woodville, is in the city, having just arrived from Memphis. He reports the yellow fever scare very bad indeed in the south. Dr. Moss started down in Mississippi to visit his brother, Mr. Jesse Moss, who is running an engine on a southern road, but on account of the strict quarantine decided not to go and returned.

Fulton Still Under Quarantine.

At the meeting of the city council last night that body unanimously voted to place the city of Fulton under quarantine. The state board of health raised the quarantine ordered by the city board of health, hence the action taken by the city council. Mr. Dave Johnson was appointed as special officer to help keep watch on all trains from the south. Mr. Johnson began work last night at 12 o'clock. No passengers from infected districts will be allowed to stop off in Fulton.—Tuesday's Fulton Leader.

Union City Puts on the Lid.
"Panicky" expresses the situation in West Tennessee and other portions of the south where strict rules are being enforced to prevent a possible introduction of yellow fever, says yesterday's Nashville Banner.

The local railroad officials were notified this morning that Union City has established strict quarantine against the world, and has followed the example of Memphis in not allowing anyone to enter the town.

Tickets are being sold at the local railroad offices at present as far south as Brownsville, Tenn. No tickets can be had further south on account of the quarantine regulations. A train load of people, mostly ladies and children, en route to Memphis from Bon Aqua and other summer resorts, was stopped at Whiteville, Tenn., yesterday, and all were compelled to return to Bon Aqua and other points further north. The passengers were all people from Memphis who were trying to return home before being shut out entirely but they were said to be without certificates from the Memphis board of health and were consequently not allowed to enter that city.

Chicago Excursion.

The annual excursion to Chicago via the Illinois Central railroad will be run August 22, 1905, by special train, leaving here at 9 a. m., via Cairo, fare for the round trip \$5. Tickets will be good returning until August 30. No extensions will be granted.

A STRONG ARGUMENT

A strong argument of the strength of this bank is found in the large number of depositors—eleven hundred and fifty. About every twentieth person in Paducah.

The strength in that is simply this: Money deposited with this bank is safe from a run on the bank because it would take, allowing three minutes to the depositor and six hours to the banking day, about ten days for all to withdraw their money and, the deposits being scattered over so large a number of depositors, renders it improbable that a few would get all the cash and leave none for the majority.

This bank accepts every deposit with the understanding that your money is always instantly available. It has always lived up to that guarantee. It pays 4 per cent. compound interest on deposits, which is as high a rate of interest as savings banks can safely pay.

227 BROADWAY

A RECEIVER

WILL PROBABLY NOT BE NEEDED FOR THE KITTY.

It Is Expected It Will Disband in a Few Days—Suit for Damages Filed.

Hopkinsville, Ky., Aug. 9.—The suit filed by John Feland, as one of the stockholders of the Hopkinsville Baseball association against the K. I. T. league and its officers, Brown, Greaney and Gosnell, for \$1,500 damages for the action of the officials in taking Hopkinsville out of the circuit without fault or without representation at the meeting, will probably not come up until the Kitty has turned its toes to the daisies.

The petition cites at length the expense incurred and trouble undergone by Hopkinsville in getting together a team, and further calls attention to the fact that the city had met every obligation. It is further charged in the petition that the league is virtually on the edge of disruption and the court is asked to take charge and make disposition of its affairs. As soon as a process can be served the court will be asked to appoint a receiver for the league so that its affairs may be fairly closed. It is firmly believed that the Kitty is about to draw its last breath, for this season at any rate, and that the funeral will take place here next Monday.

A meeting however may be held sometime before that date and steps taken to prolong its life, but this is hardly probable, as it is understood that most of the hard workers and backers of the different teams and the league in general say they want to wash their hands of the whole affair and that the sooner the better.

In closing the petition filed at Hopkinsville the court is prayed as follows, speaking of the plaintiff: "He states that the defendant exists at this writing but that in the very nature of things it cannot weather the storm much longer and he therefore prays the court for a judgment for the dissolution of the association, for a settlement of its business and accounts, for a division of the assets belonging to said association after the payment of its (rightful) debts, for the sum of \$250, the amount paid by the plaintiff and his associates for the franchise, of which they have been deprived through no fault of their own, and the further sum of \$1,500 as damages, and all proper relief."

Marriages at Fulton.

Fulton, Ky., Aug. 9.—Richard Ballingham and Miss Mary Kilgore of Bardwell, were married here by Esq. J. T. Futrell at his office in South Fulton.

John Colley and Miss Cora Cooke a prominent young couple from Dublin, Ky., eloped and were married by Esq. J. T. Futrell. The only objection to the marriage was the age of the principals.

To Build Fraternity Hall.

Murray, Ky., Aug. 9.—A plan is on foot here for the fraternal orders of the town, Masons, Odd Fellows, Woodmen, Red Men, Carpenters Union, Maccabees, Ben Hur, Golden Cross and other orders to unite in putting up a fraternity building in this city.

Daily Thought.

"Work is only done well when it is done with a will."

THE AFTERNOON PAPER.

(The Columbia, Mass., Citizen.) It is quite natural that newspapers occupying the morning field should claim superior advantages for the morning paper and that those occupying the evening field should deny this claim and assert them in their own behalf. Yet we believe that any unprejudiced jury would find a verdict in favor of the evening newspaper under almost any conditions.

The only advantage the morning paper can claim is that it is occasionally possible for its circulation to cover a wider territory than that of the evening paper. But while this is possible, it is seldom the case for two reasons: First, the stronger demand for evening papers, and second, the facilities of transportation, which make it possible for the evening paper to cover an ample field in city and country.

But the evening paper possesses distinct advantages not at all characteristic of its morning contemporary. The evening is pre-eminently the time for reading, and what is read in the evening hours is much more likely to be absorbed and remembered than the same information seen during the busy hours of the day. The evening paper gives the news of the day of publication, whereas the morning paper gives the news of the day previous. The evening paper is almost invariably 12 hours ahead of its morning contemporary as a purveyor of news. Especially is this true of local news, which constitutes one of the most important departments of every newspaper.

Local news events are recorded in the daytime, an hundred to one as compared with the night, and they appear in the evening paper the day they occur. The morning paper takes them as a relish and usually obtains them with the aid of a paste pot and a pair of scissors. For all these reasons the average of circulation is in favor of the evening newspaper, and the sphere of its influence is immeasurably broader than that of the morning paper.

From the advertiser's standpoint equal advantages lie with the evening journalism. The housewife fortifies herself for the day's shopping expedition by the perusal of her evening paper the night before she starts out. She does not go to the morning paper for the desired information on account of three reasons: First, the chances that there is no morning paper in her household; second, if there is, she could have gotten the information from the evening papers twelve hours before; third, in the majority of cases, she has not the time to look at newspapers in the morning hours.

Household duties begin to multiply, the children have to be prepared for school, the baby must have his bath, and the cook always goes on strike in the morning, when "the old

man" is not at home. No, the female shopper does not get her advertising knowledge from the morning paper. Neither does the business man. Almost invariably he reads it only cursorily, usually for the late telegraph news alone. He has read the local news and half the telegraph news in the evening paper the night before. For this reason he seldom turns over all the pages of the morning paper with the thoroughness with which one reads a book. His interest in the morning paper invariably lags as soon as he has passed the first page.

No matter what the cost, if reasonable, the city should post the names of streets in conspicuous places. It should have been done from time to time years ago, with some of the money wasted on gravel and other things. It might have been done with the \$1700 the city gave in the form of a note a short time ago for right of way for a street through the woods—a street that will be of no benefit to anyone except those whose suburban property it is intended to open up and boost. The difficulty in now getting the money for these street signs only emphasizes the disadvantage to a growing city of putting things off.

Louisville has a new license ordinance which takes the place of the ad valorem tax and provides that merchants, manufacturers and financial institutions shall pay a tax in proportion to the amount of business done, a sliding scale being now in effect. All taxpayers that come under this head are required to make affidavit to figures which they must submit by August 15, giving an account of the amount of business transacted between July 1, 1904 and July 1, 1905. This tax is payable October 15, at which time they receive a license authorizing them to do business for a period of one year. The ordinance has not been in effect long enough to determine its practicability.

Some of the wisecracks go about saying that yellow fever could not exist and become epidemic in Paducah. It is hoped it can't and won't, but there is no use trying to deceive ourselves about it. Yellow fever has prevailed in epidemic form in Philadelphia, New York, Boston and Montreal, Canada.

Brick made in Galesburg, Ill., was "tested" and rejected in Paducah a short time ago. The government has just awarded a contract to a Galesburg firm for 3,000,000 of the same paving brick to use in Panama, the product being first among twenty-five competitors. This shows what some people in Paducah know about brick.

Chairman Lewis McQuinn, of the Democratic state central committee, has decided that one man may act as a city committee. In many places he does.

In preparing for the approaching Democratic city primary, the Democrats seem to have everything necessary except the candidates and the money.

FINAL LOOK

At the Plans For the Elks' Building to Be Taken Tonight.

The Elks Building committee will hold a meeting tonight at 7:30 o'clock at Hotel Lagomarsino and make a final inspection of the plans for the Elks new building on North Fifth street.

Tomorrow bids will be advertised for, to be in on Aug. 25th, and it is expected to let the contract on that date.

THE CITY PRIMARY WILL BE COSTLY

To Those Who Are Running for Nominations.

There Is But About Half Enough Money Assessed to Pay the Expenses of the Primary.

DEMOCRATS IN A QUANDARY

Judge W. A. Berry, chairman of the Democratic city committee, this morning returned from St. Louis, and stated that the Democratic primary would not be called off, he thought.

There has been talk of calling it off on account of the scarcity of candidates, but the chairman does not think it likely.

The democratic city primary for August 21st may take place, or it may not. No one seems to know—and few seem to care. If it does it will probably cost the few candidates entered considerably more than the entry fees already collected.

There are seven school trustees, five aldermen, seven councilmen, and a police judge to elect this fall. The list of entries announced shows two candidates for police judge, five for aldermen, two for school trustee and fourteen for councilmen.

The total amount of money collected from them as entrance fees is about \$170. The cost of a city primary may be cut down to \$300. The election officers in seventeen precincts, four to a precinct at \$2 each costs \$136. Rental of voting place \$2 each, costs \$34.

The ballots cost from \$50 to \$75. Added to this must be the expense of delivering ballot boxes, serving of official notices on the election officers and numerous incidental expenses.

The recent county primary cost about \$700, and the city primary is expected to cost not quite half as much.

There is talk of the primary being called off on account of the small number of candidates, but no official steps have been taken. The only race of importance is that of police judge, and everybody knows how that will go before the vote is counted. A member of the democratic committee said today that he had heard no intimation of the primary's being called off but that if it is held the committee will have to have more money. It is not known how it will get unless it assesses the candidates, again and the candidates might object to this, as they have already been told what it would cost to run have paid their money, and been entered for the race.

GAVE BOND

And Jim Vlaholeas Opens His Stores Again.

Mrs. Ollie Vlaholeas, wife of Jas. Vlaholeas, who yesterday sued him for divorce and attached his property, was this morning fined \$5 and costs in police court for a breach of the peace.

After the suit was filed yesterday the sheriff closed the doors of both Vlaholeas' fruit stores and his wife went to a residence on the South Side to reside. Before leaving the store, however, she got into a dispute with one of the clerks and it is alleged drew a knife on him.

Vlaholeas gave bond shortly after his stores were closed and is doing business again today. The wife sues for \$1,200 alimony.

Revenue Cases Heard.

Hopkinsville, Ky., Aug. 9.—Ten cases against firms of this city, which were filed by Revenue Agent George H. Alexander, were heard and eight of them continued until September 6. Two of them were settled by agreement, Tandy & Farleigh acknowledging judgment on \$15,000 worth of property and Wm. H. Cummings & Sons company on \$16,298.94.

Frank A. Lucas, who has filed nearly two hundred suits here already, this morning filed one against Mrs. Mary R. Southerland, wife of Lieut. Southerland of the United States navy, for taxes on \$100,000 worth of property for the past five years.

Board of Works Meets.

The board of public works will meet this afternoon at the city hall to accept the bond of Thos. Bridges, Sons, contractors, who have a part of the street work and all the pavement work on the Jefferson and Kentucky avenue jobs. The board will also hear reports as to the progress of the street department in cleaning up the city and will have other matters to act on.

George Edmunds, age 23 and Cora Cary, age 23, of the city, colored, were yesterday licensed to wed.

Police Court.

When the steamer Clyde came into port this morning from Brookport and the crew was paid off, several deck hands started a little game, and Officers Terrell and Cross made their appearance in time to nab three, Willie Gaines, Ed Williams and Edgar White, had the bones going pretty fast when the police caught them in the engine room. They were arrested at 8:30 and fined an hour later, each receiving a fine of \$20 and costs.

Other cases were: Harold Davidson, white, drunk, \$1 and costs; Richard Lewis, colored, concealed weapon, continued; James Kendrick, colored, breach of the peace, continued; Jim Bulger, white, breach of the peace, dismissed; Pete Machen, colored, disorderly conduct, dismissed; Alfred Hale, Ernest Marshall, colored, breach of the peace, \$10 and costs each; Wash Kelley, colored, drunkenness, \$1 and costs; R. E. Lee, white, presenting a pistol, dismissed; L. E. Burk, white, breach of the peace, \$5 and costs; Pearl Hudspeth, colored, breach of the peace, \$10 and costs; Alfred Hale, colored, breach of the peace, continued; Ernest Belt, James Nolen, white, breach of the peace, \$3 and costs against Nolen and dismissed as to Belt; Dee Johnson, colored, breach of the peace, \$10 and costs.

To Test License Law.

The Chess Checker and Whist club, rooms at Sixth and Broadway, is preparing to test the legality of the city attempting to collect a license tax. The case against the club for failure to pay a license tax was called in police court today but left open until the attorneys in the case can brief the argument and submit it to the court. This will be done within the next few days.

NEW I. C. CHIEF CLERK

R. E. ADKISSON RESIGNS AND RICHARD GEAGEN SUCCEEDS.

Mr. Adkisson Will Go Into Business at Jackson, Miss., in the Near Future.

Mr. R. D. Adkisson, chief clerk to General Agent J. T. Donovan, of the Illinois Central here, has tendered his resignation, effective at once, and Mr. Richard Geagen, Jr., of Louisville, has been appointed to succeed him. Mr. Adkisson resigned to go into business at Jackson, Miss., as soon as the yellow fever abates.

Mr. Geagen a few days ago accepted the position of accountant in the Paducah office, and his family is now here, but he is waiting to be relieved at Louisville, where he is chief clerk to the freight agent.

Today when the chief clerk here resigned, General Agent Donovan appointed Mr. Geagen, and he will assume his new duties as soon as he arrives.

Big Fire in Texas.

Houston Tex., Aug. 9.—Fire started yesterday afternoon at Humble and did damage estimated at between \$200,000 and \$400,000. Lightning struck two tanks belonging to the Guffey company and both of them were set on fire at the same time. The oil in these tanks amounted to about 100,000 barrels and all of this was lost. In addition a number of small settling tanks were burned, entailing a further loss of 2,000 barrels.

Prof. Harrison Moderator.

Hopkinsville, Ky., Aug. 9.—At the Baptist Association, Pembroke, Ky., today Prof. W. H. Harrison, of Russellville, Ky., was elected moderator. The Rev. H. B. McGill, of Howell, was re-elected clerk.

RUSSIAN BOMBARD

A Town Because Citizens Opposed Landing of Troops.

Canea, Crete, Aug. 9.—The Russian gunboat Khrabry has bombarded and destroyed Castelli on the north coast of the island of Crete, about 18 miles east of Retimo, because the insurgents there opposed the landing of a Russian force to take over the customs-house.

A boat party which was sent ashore from the Khrabry was repulsed, whereupon the Russian commanding, after warning the insurgents to remove the women and children, opened fire. The insurgents returned the fire with small guns wounding two Russians.

The bombardment continued until the village hoisted the white flag. There have been disturbances in Crete for a considerable length of time, the Cretans being in revolt to obtain a greater degree of independence than they now possess. Prince George of Greece is the High Commissioner of the island, having been nominated by Great Britain, Russia, France and Italy in 1895.

The Porte recently sent a circular not to its representatives in London, Rome, Paris and St. Petersburg on the subject of the revolutionary movement in Crete, expressing the hope that the powers would maintain the status quo and reestablish order in the island.

Disposition of Convicts.

Tokio, Aug. 9.—The disposition of the convicts on Sakhalin Island is now under consideration. They will

probably be taken to the Russian coast and will there be transferred to the Russian authorities. Under a pre-arranged plan the Russian prisoners on the island, forty thousand in all, are being transported to Japan.

Saloon Sold Today.

Mr. L. B. Ragan, the well known bar tender, today purchased the saloon of Mark Brizzolara, on South Third street, near Broadway, and took charge at once. Mr. Brizzolara it is understood, will go to Central America when he leaves Paducah, but he expects to remain here awhile yet.

Inspecting a Murray Church.

Mr. A. L. Lassiter, the architect, went to Murray this morning to inspect the work on a church he designed. Mr. Lassiter was to have let the contract for the disinfecting plant at the I. C. hospital yesterday, but put it off until tomorrow.

THE CAULKERS

RECEIVE ASSURANCE THEY WILL HAVE GOOD SUPPORT.

Strike Benefits Will Continue Indefinitely According to National President.

The local ship caulkers' union has received a communication from Hugh Kirk, president of the National union, in which he says the strike will not terminate at the expiration of eight weeks, as some seem to think.

It is supposed by some that the caulkers would return to work after the eight weeks run out, the strike fund not being available for drafts by striking unions after this time, but the president states that the executive board can extend the time for payment of benefits and that he will in a few days take the matter up with the executive board and have the time extended. This means that the weekly installment of funds for the strikers will continue indefinitely or until the strike is ended.

The letter was received last night and the caulkers are feeling gratified that they are supported by the national president and other higher officials of the union. They say they intend to hold out until the bosses come around.

Today the strike has lasted about four weeks and the docks and ways are working what men they can get, the docks preferring union men, however.

JUSTICE SEARS

Has Been County Gravel Inspector.

Monday County Judge Lightfoot was authorized by fiscal court to appoint two magistrates to act with him as a committee in settling differences between Road Supervisor Bert Johnson and Contractors Penn and Eaker in graveling the husbands road.

Judge Lightfoot appointed Justice A. N. Sears and R. J. Barber and the committee then named Justice Sears as the inspector to inspect the loads of gravel placed on the roads, while Mr. Johnson employed Harry Rudolph to spread gravel.

This was the best settlement of the difficulty that could be arrived at and work of graveling the road has been resumed. It had been stopped by Road Supervisor Johnson who claimed the gravel was not up to the standard specified in the contract.

Preacher's Daughter.

News reached here this morning of an accident to the little daughter of Rev. Tally, of Smithland, Ky. Rev. Tally was driving to Livingston from the country with his wife and daughter when the horse suddenly kicked over the dashboard and struck the little girl in the face, cutting a painful gash to the cheek bone, and injuring her nose. Two teeth were knocked out and it is thought that a scar will be left on the little girl's face.

THE CITY MAY GET AN INCINERATOR

**Board of Works Wants Garbage
Burned.**

**The Crematory Plants Improve
Health Conditions, and Save a
City Money.**

PLAN WILL BECOME POPULAR.

The board of public works, which has done so much good for the city since it was created, now has a move on foot to establish an incinerating plant in Paducah, and while it will require some little time to get the matter into definite shape the board members will work incessantly until the plant is assured. When it is installed it will mean the acquisition of one of the best improvements ever secured for the public.

Mr. Saunders A. Fowler, secretary of the board of works, is the man who suggested the move and has been corresponding with many cities regarding the plant. Such a plant is used in destroying garbage of all kinds and in some places where installed makes the health of the city over 50 per cent better and at the same time saves in many ways money expended annually by the municipality.

Dead horses, swill, liquids and in fact everything from the kitchens in the way of refuse, all manure from the streets and everything picked up in the city is cremated in the plant. The plant is supplied with a boiler and while the garbage and refuse matter is being burned, the heat can be used in manufacturing steam for running the light plant or other use, if desired.

Secretary Fowler has been corresponding with many cities where such plants are used and finds them very successful. The following extracts from a letter from Atlanta, Ga., shows what a complete incinerating plant with a capacity of incinerating two hundred tons of garbage, dead animals and combustible refuse per day, and evaporating all liquids did there:

"The new incinerator is a complete success and burns to a fine ash all garbage and refuse collected in the city. Only a very limited amount of white dry vapor (perfectly free from dust or particles of paper) emits from the smoke stacks and is entirely odorless.

"The plant is situated near the business center of the city and in proximity to the new large Union passenger station.

"The cost of complete incineration, including labor and fuel does not exceed 19 cents per ton.

"The furnace will produce a large amount of steam, which if utilized, would possibly make the plant at least self-sustaining, thereby saving the city an expense heretofore incurred of from \$1,500 to \$1,800 per month.

"From a sanitary standpoint it is perfect.

"The plant is in daily operation and anyone visiting the city is perfectly welcome to call and witness its workings.

(Signed).
"J. G. WOODWARD Mayor.

AND OTHERS.
"While the city has no appropriation for such a plant," a well-known city official explained this morning, "she can easily provide for one for next year or even the year after, if the funds run short next year. The people will, of course, first have to be educated to a proper disposition of the garbage accumulated in their yards and from their kitchens. The board of works will shortly suggest that the residents be compelled to keep large cans or barrels where their ashes, garbage and refuse be placed, and next will come the recommendation that the city employ carts at her own expense to gather this refuse. This will save the street department from cleaning the streets. When the residents become accustomed to this and the city has created this dump cart department, then will come the incinerating plant. The carts can be driven to the plant and within a few hours the entire output of debris and garbage from the city consumed."

The move seems to be an excellent one, and it is more than likely the move made by the board of works will be sanctioned by the legislative boards and the public at large.

The Joe B. Williams is lying below the Sisters Bar about fifteen miles up the Ohio, waiting for higher water.

The showboat "New Century" was brought out of the Cumberland river yesterday afternoon by the Lotta and is at the foot of Kentucky avenue.

The Pavana and Jim Duffy left this morning for the Tennessee river. The gauge here at 7 a. m. was 7 feet, a fall of seven-tenths.

HERBINE

Reinders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.

G. L. Caldwell, Agt., M. K. and T. R. R., Checotah, Ind. Ter., writes, April 19, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured when my druggist advised me to use Herbine. It has made me sound and well." 50c at Alvey & List, and G. C. C. Kolb's drug stores.

MAN IN JAIL

Said His Grandmother Was Dead in Paducah, to Get Money.

D. A. Maulden, of the Cairo District company was fleeced out of his valuable gold watch and \$25 in cash last Friday by C. H. Wagoner, an employee, says the Cairo Bulletin.

Wagoner was employed as a collector and had by keeping out small parts of the collections for the past few days embezzled \$10. Saturday the manager of the concern gave him \$15 to take to a woman in Wickliffe the amount to have been advanced as a loan. Before leaving for the trip Wagoner borrowed the manager's watch.

He arrived at Wickliffe and telephoned to the Cairo office that he had just received word that his grandmother in Paducah had died and had left him a large estate and that he was going there to collect it and would be back in a few days.

When the woman at Wickliffe telephoned to know why the money had not been sent her, an investigation was started and it was found that he had not been to Paducah.

RAILROAD EARNINGS.

A Decrease Shown Because of World's Fair Traffic Last Year.

The earnings of the United Railways for July were less by \$260,000 than those of July, 1904. The world's fair traffic, of course explains last year's figures. This year's earnings have maintained a steady increase over 1903, a normal year.

Comparative figures are as follows:
July, 1905, \$725,343.24
July, 1904, 985,432.78

Decrease, \$260,089.54
GROSS EARNINGS FOR MONTH OF JULY, 1905 AND 1904.

July, 1905, \$725,343.24
July, 1904, 985,432.78

Increase, \$ 81,777.89

TAUGHT HERE

PROF. HARRY J. ISBELL, MANDOLIN PLAYER, DIES AT ST. LOUIS.

He Was a Famous Banjoist, Also and Was the Composer of Several Pieces.

Prof. Harry J. Isbell, who had a mandolin school back of Dr. W. H. Pitcher's office on Broadway between Fifth and Sixth, about a year ago died suddenly of heart disease in St. Louis.

The Globe-Democrat of yesterday says:

"Prof. Isbell was born at Hickman, Ky., forty-nine years ago, and had been a resident of St. Louis for twenty-five years. He was widely known as an expert on stringed instruments and as a critic. As a performer on the banjo Prof. Isbell had few peers in the country. He was also a prolific composer, among the best-known of his compositions being 'Mississippi Hoe Down,' 'Dandy Reel,' and 'Echo Clog.' During the last ten years, however, as the banjo gradually became relegated to the background, Prof. Isbell devoted his attention almost entirely to the mandolin.

The surviving members of the family are his wife, Mamie, nee Hyde, three sons, Clement, Will and Louis; two daughters, Adele and Helen Isbell; one sister, Mrs. E. J. Ewing, all of this city, and two brothers, Henderson Isbell, of Los Angeles, Cal., and Louis Isbell, of old Mexico.

Through Colorado and Utah.

The Denver and Rio Grande, with its numerous branches penetrating the Rockies, have two distinct and separate lines across the mountains. Tickets reading via "The Scenic Line of the World" between Denver and Salt Lake City or Ogden, are available either via the main line through Leadville Canon of the Grand River and Glenwood Springs or via the line over Marshall Pass and through the Black Canon of the Gunnison. Tourists to and from Salt Lake City, Ogden or San Francisco, will find it to their advantage to have their tickets read in both directions via this route, thus being able to use one of the above lines going and the other returning. Write S. K. Hooper, G. P. and T. A., Denver, Col., for illustrated pamphlets.

A Killing at Obion.

Ed. Knott was shot through the heart and killed instantly with a pistol in the hands of Tom Dalton in Obion, Tenn. The killing was the result of a quarrel growing out of an argument over which has the most power God or the devil. They are colored.

Agonizing Burns

Are instantly relieved and perfectly healed by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain and healed it without a scar." Also heals all wounds and sores 25c at W. B. McPherson's druggist.

Perhaps more people would go to heaven if there were Sunday excursions.

VACATION.

For Your Summer Outing

Allow us to suggest Colorado and Utah, famous the world over for their cool and invigorating climate, magnificent mountain scenery and picturesque summer resorts, which are located along the line of the Denver and Rio Grande, "The Scenic Line of the World." Very low excursion rates and "Circle" tour tickets are on sale during the summer months via these lines to all the principal points of interest. The Denver and Rio Grande, with its numerous branches penetrating the great states of Colorado and Utah have some forty different "Circle" tours through the Rocky mountains, one of which in particular is the famous 1,000-mile tour for \$28.00, which comprises more noted scenery than any similar trip in the world, passing the following points of interest: La Veta Pass, Poncha Pass, Toltec Gorge, Indian reservations, Durango, Mancos Canon, Rico, Lizard Head Pass, Las Animas Canon, Silverton, Ouray, Cimarron Canon, Black Canon of the Gunnison, Marshall Pass and the Royal Gorge. This trip can be comfortably made in five days, but at least ten days should be devoted to it, so that one may view at leisure the principal sights. Tickets at very low rates are also on sale at Salt Lake City, Utah. If you contemplate a trip through Colorado or Utah, let us send you some beautifully illustrated booklets free.

PLOT DISCOVERED

To Ship Large Quantities of Ammunition to Samar.

Victoria, B. C., Aug. 9.—The steamer Kanagawa from Hong Kong brings the news of a plot there to ship ten thousand rifles and a million rounds of ammunition to Samar and other unoccupied districts in the Philippines.

The scheme was discovered and the filibusters are in hiding, but the authorities are searching for them.

Converted the Dancing Club.

Fayette, Mo., Aug. 9.—As a result of the recent revival held here by Rev. John E. Brown, men and boys of Fayette and vicinity met at the First Baptist church Sunday and organized a Young Men's Christian association with a membership of 300. It is the intention to purchase the furniture and furnishings used by the Paladin dancing club, which organization has been practically broken up by reason of nearly its entire membership being converted.

STABBED HUSBAND, KILLED BY TRAIN

Vengeance Was Swift to Overtake Fleeing Colored Woman.

Was Trying to Escape When a Train Struck Her Near Wickliffe Yesterday.

A NEW RAILROAD STARTED

Wickliffe, Ky., Aug. 9.—M. Madden and wife, colored, living in a tent near Ward's camp, engaged in an altercation and the woman stabbed the man in the back, and though Madden was not seriously hurt the woman left soon afterward going south on the M. and O. railroad tracks.

She was found near the bridge over the Mayfield creek, having been struck by a train during the night and will probably die as a result of her injuries. The wheels passed over her body and she was horribly cut and mangled.

Madden and his wife came here from Ziegler, Ill., about two weeks ago and Madden was at work for Ward & Son, railroad contractors, in whose tent they were living.

Start the Railroad.

Wickliffe, Ky., Aug. 9.—Civil engineers set to work here yesterday to survey for the proposed new Cairo and Tennessee river railroad. The company's proposition was that as soon as the town secured the right of way from Mayfield creek bottoms, a distance of about four miles, contracts would be let and work commenced in earnest in thirty or forty days.

For two or three weeks past many of the citizens have been at work securing money for the purpose of buying this right of way and their untiring efforts were finally crowned with success early Wednesday morning when contracts were drawn up and sent to headquarters in New York for the approval of the highest officials of the road.

MOUNDS PROTESTS.

Opposed to Italian Messengers On Banana Trains.

Cairo, Ill., Aug. 9.—The village of Mounds has made a formal protest to the state board of health against the banana trains which arrive there daily from Mobile. Some days as many as a hundred cars of fruit are received. The banana trains are always accompanied by messengers. It is against these men, who are generally Italians, that the protest is made. Dr. Palmer, assistant secretary of the board, promised to take the matter up with the railroad companies.

Among those who applied for health certificates yesterday was Mrs. Carrie Nation.

Dr. G. M. Guiteras, surgeon in charge of the United States marine hospital here, who is detailed for service at New Orleans, came up to see his family, returning last night. He reported conditions much improved there, but says there are quite a number of cases not reported to the authorities. He can not find the concealed cases, and, therefore, is prevented from following them up with fumigation and other methods of stamping out the disease.

Must Change Cars.

The Louisville & Nashville, Southern, Missouri Pacific and Illinois Central railroads have discontinued all through cars from New Orleans and other points in the infected yellow fever district. Through passengers with health certificates, instead of coming north without change, must now change cars at several points before entering other states as far north as Tennessee. This is done for the purpose of avoiding the possible danger of conveying infection in passenger cars which have come from the infected area.

All towns west of the Tennessee river in this state, have established, under the direction and regulations of the state board of health, strict quarantine regulations. All passenger coaches are securely locked before entering the stations, inspecting officers are placed on each coach, and all the passengers examined, none being permitted to leave the trains unless they produce health certificates.

Fruit and cattle cars entering West Tennessee towns from the south, are not allowed to be side-tracked or opened in these towns. This is one of the yellow fever precautionary measures adopted by the health authorities.—Nashville Banner.

Soldiers Give 70,000 Pounds.

St. Petersburg, Aug. 8.—Subscriptions made by officers and soldiers of the second Russian army in Manchuria to the fund for creating a new fleet amount to seventy thousand pounds. The movement is strongly backed by soldiers.

Local Capital May be Invested in a Big Auditorium Building Here

There is a move on foot to build a big ground floor auditorium in Paducah and the site for the place has already been selected and the promoters are now raising the capital with which to build the auditorium. Such a place has long been needed by Paducah. The promoters intend to build the auditorium for the purpose of holding speakings, theatricals, church bazaars and in fact for every thing an auditorium is usually used.

The capital will be local and the promoters are working on the formation of a company. The auditorium will not be as expensive by any means, as a theater building proper, according to the plans of the promoters, but will be large and with ample seating capacity.

SHAW SAYS NO.

NOT TO GET OUT OF THE CABINET TO RUN FOR PRESIDENT.

Taft is Mentioned for the Presidency at a Banquet Given Over at Manila.

Oyster Bay, Aug. 9.—It is announced by authority of the president that the visit of Secretary Shaw to Sagamore Hill has no relation to the secretary's retirement from the cabinet. The matter upon which the secretary practically talked to the president was personal entirely to them.

The secretary's resignation in the future was not mentioned. Shaw has let it be known that he expects to resign from the cabinet some time next winter, but no definite date for his retirement has been fixed. It is accepted generally in political circles that the secretary expects to become a candidate for the presidential nomination in 1908 and that his relinquishment of his cabinet duties is to free him from any embarrassment in the conduct of his campaign for nomination.

SAYS IT'S ALL ROT.

Secretary Shaw Denies That Presidential Story.

Roanoke, Va., Aug. 9.—Secretary Shaw, who is in Roanoke, when shown a dispatch from New York in which it was stated that he had quit the president's cabinet to enter the field as a presidential candidate, drew out that the statement was "the merest rot."

Taft Being Boomed.

Manila, Aug. 9.—At a banquet to the Taft party the toast "the president," was responded to by Representative Foster. Representative Payne, speaking of the benefits of the trip took occasion to propose Taft as the next president. Responding to a toast to the navy, Representative Foss, chairman of the house committee on naval affairs, declared its strength should be increased. Representative Cooper, chairman of the committee on insular affairs, spoke on "congress and the Philippines," and Taft discussed "The Philippines in 1900 and 1906."

On entering the opera house and taking a box, Miss Alice Roosevelt received a great ovation.

Major General Corbin's dinner to Miss Roosevelt last night was a brilliant affair.

BOYS FOUGHT.

Marion McCauley, age 12, and Lee Campbell, age 13, the former colored and the latter white, had a fight at Sixth and Broadway at 1:30 o'clock this afternoon in which bricks were freely used and both boys painfully if not seriously injured.

The white boy claims the negro called him a name and when he replied the negro struck him with a brick. The boy was struck in the head and a deep wound inflicted. He threw the brick at the negro and struck him in the head and on the arm, the arm being painfully injured.

Sheriff Lee Potter and Deputy William Lydon, were driving by in a buggy and arrested the boys.

SAILOR RETURNS.

Mr. H. T. Davidson of South 10th street, brother of Mr. Check Davidson, the engineer, has returned from China and Japan, where he had been in the marine guard service of the U. S. navy.

Mr. Davidson is ill and his health having been generally bad, was granted a permanent discharge from the navy. He has been on several battleships, the Wisconsin for a year and a half. He has cruised all over the seas and enjoyed his experience a great deal.

Will Locate in Paducah.

Mr. D. Garth Hearn, formerly of Wheeling, W. Va., but now of St. Louis, was in Paducah today en route to Livingston and Crittenden counties where he has mining interests, and stated while here that he intended moving to Paducah to live. All his interests are in Livingston and Crittenden counties and he is desirous of having his residence in some city convenient, and Paducah is about as convenient a place as he can find.

Lamont Left Three Millions.

New York, Aug. 9.—An estate valued at \$3,300,000 is left by the late Col. Daniel S. Lamont, secretary of war under President Cleveland, according to Lamont's will filed for probate today. Mrs. Lamont and her three daughters are beneficiaries.

Prominent Insurance Man Dead. Milwaukee, Aug. 9.—Willard Merrill, for years vice president of the Northwestern Mutual Life Insurance company, died today at Pasadena, Cal., aged 74.

Ben Boyd's colored ball team defeated the Owensboro colored team yesterday by a score of 5 to 1.

THE PEACE ENVOYS HOLD FIRST SESSION

Met in the Building at Portsmouth and Began Work.

Everything Possible Being Done to Prevent Embarrassment to Them.

A TELEGRAM EXCITES LONDON.

Portsmouth, N. H., Aug. 9.—The first session of the peace conference began shortly after 10 o'clock this morning in the general stores building of the navy yard, when the envoys assembled. Assistant Secretary of State Pierce said it was his pleasure as representative of the United States to assure the peace envoys the deep interest the United States felt in the happy outcome of their labors. Assistant Secretary Pierce withdrew, and the envoys of the two warring emperors were left face to face to settle down to business.

Extraordinary precautions are being taken to avoid the possibility of embarrassment between the peace envoys and the members of their suites, and to prevent accident and annoyance to the envoys. At the suggestion of Secretary Pierce, the Russian and Japanese flags, which floated from the hotel yesterday were removed.

The first session of the envoys was brief, and perfectly formal. Mr. Saito, on behalf of the Japanese, said at the close of the meeting: "It was decided that meetings be held twice daily. No serious business will be transacted at the morning session. It will be some days before the plenipotentiaries of either country get down to business, and the question of language to be used in the conference decided definitely."

London is Agog at This.

St. Petersburg, Aug. 9.—Officials of the foreign offices are greatly impressed by a telegram from London which says: "President Roosevelt has other means to bring about peace in event of the failure of negotiations." The message has caused much discussion as what "Other means" may be, and a high official commenting on the telegram, said "A very clever, energetic statesman like President Roosevelt may astonish the world."

M. Witte Pleased With Reception. St. Petersburg, Aug. 9.—M. Witte the Russian ranking peace plenipotentiary, has cabled the czar that the present situation in regard to peace negotiations is indefinite, but his reception at all points visited in America was much more cordial than could possibly have been expected.

May Break Up in a Row.

Washington, D. C., Aug. 9.—"The peace conference at Portsmouth will break up in a row within a week."

This is the substance of private advice received here from a source so high that it must be given attention. The person from whom this information comes says that at heart both the Russian and Japanese plenipotentiaries feel that their efforts will not be crowned with success.

More pessimism prevails there among them, indeed, than among outsiders, it is said.

Two reasons are given for the prospective failure of the party. One is the size of the indemnity demanded by Japan and the other the growing strength of the war party in Russia. The czar it is said, has gained renewed courage from the confidence of the leaders of this party, and thinks that if the struggle is continued victory will ultimately perch upon the Russian banner.

BIG TAX SUITS

Were Continued Until October in Livingston County.

Attorney C. C. Grassham has just returned from Smithland where he had suits aggregating \$1,000,000 set over until the October term.

These suits were brought by the sheriff of Livingston county against the Ayer-Lord Tie Co., Holcomb-Lobb Co., Standard Co., and other companies doing business in Livingston county. They were brought to force payment of taxes on unlisted property for five years back.

Attorney Grassham represented the combined tie companies and the companies are preparing to put up a hard fight.
